

## **Cedar Haven Public Statement**

December 8, 2017

Due to misinformation circulating in the community, we would like to address a few common misconceptions about our facility. Here are a few facts:

1. All current Cedar Haven employees are welcome to return to work at any time. Please contact administration.
2. There is a zero tolerance of bullying and unprofessional behavior towards anyone at any time at Cedar Haven.
3. A large number of Cedar Haven employees have returned to work since the strike started.
4. We have maintained staffing levels and high-quality care with agencies and our existing staff during the strike. We are also actively seeking additional permanent employees to provide high-quality care at our facility moving forward.

We thank you for your ongoing support. Our next job fair will be held on Thursday, December 14th from 1-4pm. If you are interested in learning more about our Sign-On Bonus program for RNs, LPNs, and CNAs or our open positions, please join us for the job fair or apply online at <http://cedarhaven.healthcare/jobs>.
