The NEW Cedar Haven Healthcare Center: From Good to Better to **Best**

Cedar Haven has always been a great option for enjoying life in Lebanon when you require skilled nursing or short-term rehab care. We can confidently say that Cedar Haven is now the premier option for these services in 2018 and beyond. What has changed? Cedar Haven has transformed in recent years. Since the strike ended and the staff decided to remove the Union last Spring, individual performance and team culture at Cedar Haven have dramatically improved and we have emerged stronger. As the past 6 months have proved, the Cedar Haven team made the right decision. Positive changes have been made in all areas of the resident experience, including delivery of care and overall satisfaction. Come visit the "New Cedar Haven" to see for yourself!

Choose Better Quality of Care

Quality of Care has undeniably improved at Cedar Haven. Our hospital readmission rate is 5% lower than the National Average. Our physician and nurse practitioner team are on-site 6 days a week. Our physicians are here in person to attend to the care issues that arise for our residents, which is rarely the case at other facilities. Extensive use of our electronic records system ensures that care is delivered accurately, appropriately and in a timely manner.

Choose a Unified Team of Leaders and Experts

Our unified team of professionals is here to provide round-the-clock compassionate care for our residents. We have never had a stronger team or higher morale at our facility. Staffing has increased dramatically and we rely on agency less than we have in years. Staff can now earn performance pay bonuses for helping Cedar Haven to improve—we are the only facility in the area offering a profit-sharing style opportunity.

Choose the Best Technology

When cutting edge skilled-nursing technologies are implemented by experts, it directly impacts care. Cedar Haven is a leader in this area. Changes to care plans authorized by our doctors and nurses are communicated to our staff in real-time using the best technologies available.

Choose to Enjoy Life with Us

We are known for providing the best activity schedule among facilities of our kind. Choosing Cedar Haven means choosing to enjoy life with us. Our all-inclusive rates include quality of life benefits like a salon, delicious meals, and up to 100 fun events every month.

"Great Changes"

We are very excited about the positive changes taking place at our facility as we step forward as the "New Cedar Haven." We are excited about the launch of new systems and initiatives such as a new dining experience for our memory care unit residents, comprehensive direct deposit enrollment, a new online benefits viewing/enrollment portal, welcoming new Unit Managers to our team, and an electronic system for maintenance work orders. These are just a few of the positive improvements that have taken place recently at Cedar Haven.

In many ways, the last 6 months have marked a new era for us. We are excited and very optimistic about what the future holds. Come visit us for a tour to learn more about the great changes taking place at Cedar Haven and to see firsthand the high-quality care we provide for our community everyday.

Steven J. Zablocki, NHA

Thank you to WellSpan Good Samaritan Hospital for hosting the 70th Lebanon Street Fair in early June! As pictured above, several of our management team members enjoyed helping at the Apple Dumpling booth again this year. The weekend included a variety of fabulous entertainers (including an Elvis impersonator), games and bounce houses for children, and delicious fare. What a fun event for all in our community and a great way to kick off summer while supporting our local hospital!

"Cedar Haven Healthcare Center has provided me with unique challenges, centered around a rich and valuable learning environment with diverse opportunities to gain clinical experience. My comprehensive employee training program was led by an experienced, knowledgeable team of enthusiastic staff educators whom all provided me with the components of training I needed to be a successful employee."
- Casey W. LPN

Great Outcomes

CEDAR HAVEN HEALTHCARE CENTER PROVIDES BOTH LONG-TERM SKILLED NURSING AS WELL AS SHORT-TERM REHABILITATION SERVICES ON OUR SHORT-TERM REHAB WING. READ RECENT SUCCESS STORIES BELOW.

Meet Angel

This is Angel, a short-term resident at Cedar Haven Healthcare Center who recently graduated from our Short-term Therapy program. Angel worked with our Therapy department and the team of over 20 certified therapists who offer individualized physical, speech, and occupational therapy services. Angel said that he will be back to visit the staff who helped him reach his therapeutic goals and that he recommends Cedar Haven to others who have a need for Short-term Rehab after an injury or surgery. Congratulations, Angel! From all of us at Cedar Haven, we are proud of your accomplishments!

Meet Ann

Meet Ann, a short-term resident who recently celebrated her graduation with our Therapy department. We are thankful that Ann chose Cedar Haven for short-term rehabilitation. Our program has very positive outcome rates, including a hospital readmission rate that is 5% lower than the National Average. It is a great joy for us to see residents like Ann graduate from our therapy program, meet their goals, and enjoy life. When she graduated, Ann reported that she was very appreciative for the services that she received with us.

Why Choose Cedar Haven? Our Hospital Readmission Rate is 5% below the National Average!
